

Computer Classes at Child's Day by

I.Q.Kids!

I.Q.Kids is a locally operated, professional computer education program for preschoolers. Children participating in **I.Q.Kids**, will acquire computer skills and experience using state of the art multi-media hardware and software technology, while developing reading, counting, and higher level thinking/problem solving abilities in a *FUN* atmosphere. The **I.Q.Kids** curriculum is developed by a Certified Teacher with a Bachelor's Degree in Elementary Ed. and many years of teaching experience. It is designed to ensure progress for each child, whatever the level of experience.

I.Q.Kids Class Structure

- 4 children per class, with 2 computers
- Weekly classes of 40 minutes (4 per month)
- "Hands-on" participation-based learning keeps all children involved the entire time
- On-site classes in Child's Day Computer Lab

Each session will be an exciting learning adventure, designed to help our preschoolers become fully computer literate. Parents receive bi-monthly information up-dates. Sign-up is "first-come, first-served" and space is limited. Cost of this optional program is \$40 monthly (added to account).
